Notes From the President  
Susan Thibodeaux

# President's Note

As most of you know, Billy Hodges resigned from his position of President in July. He has many things going on in his life and unfortunately for us, they must by need take priority. I would like to thank him on behalf of the club for his many years of service to the club. Billy's hard work and dedication to the ATFTC and its members was a constant source of motivation to his fellow board members and the club benefitted greatly from his leadership. I personally would like to thank him for his friendship and am grateful for the times we worked together on behalf of the club.

We had a wonderful 20<sup>th</sup> Anniversary National Specialty. Congratulations to Wendy Howard and Julie Sandoval on their Best of Breed win with their bitch GCH DAR-RICH ALL STAR ETS MAYBE YES MAYBE NO BCAT. A huge note of appreciation to everyone who worked so hard to put on such a great week in Oklahoma City. The shows, the banquet, the breed education seminar, the raffle, the shirts, the prizes, the list goes on and it was all due to the wonderful volunteers and supporters who worked tirelessly for many months before and during the shows. Pam Cox, Carolyn Lichty, Teresa Watson, Mary Bowlan, Carrie Fletcher, Rebecca Rivera, Denise Monette, Arlene Irby, Steve Thibodeaux and others all stepped up for our National Week. We had to overcome some real challenges, but the folks volunteering rose to the occasion and our 20<sup>th</sup> anniversary show was a success. We learned a lot from this show and have instituted some "must haves" for future shows to ensure we don't have the issues we encountered again.

It was an absolute pleasure to recognize our members who have been with the club since Toy Foxes gained full recognition by the AKC. You will see the photo from the banquet and the names later in this newsletter. The club owes its long success to these members who have given so many years of their lives to our breed and this club.

As soon as our show in OKC was over we were already targeting our next shows. In December during Royal Canin week, the ATFTC Regional Specialty will be on Friday, December 15<sup>th</sup>. Prior to that, the Central Florida Toy Fox Terrier Club will have a concurrent specialty and host a designated specialty as well.

Our 2024 National Specialty will be in May in Rhode Island and Pam Liddy and the members in the northeast are putting together a great show for us in conjunction with the Toy Club Cluster shows. There are members on the west coast working to put together the 2025 specialty in their region and once it's solidified, we will get the information out to everyone. It is this Board's goal to get the Nationals through 2028 tentatively set. If we can accomplish this, our members will be able to choose judges before they are committed to other shows. Speaking of the future, we already have a show chair and tentative location for 2028 as it will be the 25<sup>th</sup> Anniversary Show! More information on that is to come.

Mandy Halsey attended the 2023 National Parent Club Canine Health Conference virtually on behalf of our club and will be sharing what she learned with us. On an even more exciting note, she is leading a health committee which will be surveying Toy Fox Terrier owners on the health of their dogs. It's been a number of years since we've done this. This survey will help us determine what health concerns our breed currently has and what health testing we should focus on. This is a really big undertaking, and the committee has spent many hours consulting

President's Note Continued...

with experts and developing the questionnaire. We encourage you to support the survey when it comes out so we can get the most complete picture of the state of our breed's health as possible.

We've had a number of new members join the ATFTC in the last few months. If you see them at shows make sure you welcome them to the club. Welcome to Felicity Trammell, Jamie Bozzi, Rebekah & Michael Rivera, Yvonne Bailey, Ricky McKean, Pamela Savoye, Amaya Rivera, Sharon Weaver, Tyler Luck, and Mary Lathlean.

We are still looking for volunteers to lead the Sunshine Committee and the Meet the Breeds Committee. Chris Bowker and Jen Duffy have agreed to co-chair the performance committee.

Don't forget to list your litters on the ATFTC.com website and alert our puppy referral committee members when you have puppies expected or arrived. And if people contact you, please talk to them and send them to our puppy referral people and website if you don't have any available. There are many scammers on social media selling non-existent puppies, resulting in people not getting the wonderful Toy Fox Terrier puppy they were seeking. Let's stay visible and help them and our fellow members.

Don't forget to support the newsletter with ads and articles. This is more than a fundraiser for the club – ads with photos help future breeders see the dogs that might be in their dog's pedigree. It's really difficult to find photos of all the dogs in our dogs' pedigrees – you can help future Toy Fox breeders while bragging on your dog. Thank you Mary for another great issue of Foxtales!

Hope to see you all around the ring.

**Susan**

Billy  
We Appreciate You**

# Editor's Note

Wow! Oklahoma City was a blast! How about that specialty ring? It was a great showing every day with so many excellent Toy Fox Terriers to see. Results are posted in this newsletter. The banquet dinner and awards were outstanding as well. Enjoy the pictures in the news section. Thanks all around to everyone who put that event together.

My most sincere apologies for this getting out so late, I had a lot of personal challenges during August and September. With that in mind, I might be calling a few of you in the next few weeks to check on potential ads since you have been doing so well 😊 Now is also a great time to call each other and catch up, consider nominees for next years officer vacancies. Try something new, take on a Board position!

If you have a side hustle making things for or about Toy Fox Terriers, how about putting in an ad about your wares? Even if it is just a business card size, I can link it to your website. With just one click, curious TFT enthusiast can peek at what you have to offer. I would certainly be interested in some bling, comfort items, or wearables for my babies.

The more revenue we generate from ads the less we must ask for during events. You put a lot of work into exhibiting your TFTs, show it off to the future members. Send payments, as with all club-based activities, to our treasurer either by snail mail or via PayPal. Make sure you note what the payment is for (i.e., Fall newsletter ad).

NEW TITLES**

### **MEGAN EARNS 3 NEW TITLES AT THE ATFTC NATIONAL WEEKEND!**

**BOWMANORS LITTLE LIKE A TEAZEL** had a busy couple of days in Oklahoma! In Rally, she added 2 more qualifying legs (the titling performance with a score of 98) to add a Rally Excellent title to her name. On Saturday, amid people walking through the testing area, she picked up 2 more titles: Trick Dog Novice and Trick Dog Intermediate.

She also won many new friends with her constantly wagging tail and engaging personality!

Thank you ATFTC and Rebekah Rivera for remembering the companion events at the National. I did not realize we had won one of the shadowbox trophies until I noticed it sitting on a nearly bare table late Friday afternoon!

# WHAT THE **DICKENS**?

## **Introducing CH Kallmee The Heartful Dodger**

Dickens enjoyed a stellar puppy career, culminating with RWD (Major) at the National ... with some notable wins including a BOB over 3 ranked specials, an OH Group 1 and an OH Group 4 (at his first show)

Shown here as a 7 month old winning OH Group 1 under respected toy man, David Fitzpatrick.

"Heartfelt" thanks to Dickens' breeder, Susan Thibodeaux, not only for entrusting me with this delightful boy but also providing continued support in my re-entry into the conformation world!

## Performance and Companion News

What a weekend in Oklahoma for performance and companion events. If you were entered in more than 1 event, it was challenging to make it from ring to ring. I personally missed a sweepstakes class and a breed education meeting while I was busy with the Rally competition. Going from one very air-conditioned building to another in the high heat and high humidity did not make it any easier, but nothing can dampen the excitement of just being there! The picture above is of all the barn hunt winners beautiful rosettes and commemorative leather collars. Congratulations to all of the winners in BarnHunt, FastCat and Rally!

Many thanks go to Mary Bowlan for not only the awards offered in barn hunt, but also for sending me the results and brief descriptions of the various classes for those of us who have not given a try yet to this exciting sport. I for one, plan to give it a try in the coming year!

### **BARN HUNT**

And the winners are:

NOVICE A GrCh. Fritzfox Love an Open Door; Call name Anna; Owner Lea Ann Boles (Anna earned her title on this weekend! Way to go!!) High in Trial on specialty day!

NOVICE B Heartland Midnight Joker RATN; Call name Joker; Owner Lisa McGowan

JUNIOR CLASS SENIOR (handler under 18 years old) Centennial Farms Penguin RATN RATO; Call name Peanut; Kaden Bowlan, handling

MASTER B Ch. Centennial Farms Batman RATN RATO RATS RATM; Call name Batman; Owner Mary Bowlan

Information about Barn Hunt:

Novice A class includes 1 rat tube, 1 litter tube, 1 clean tube. Tunnel and climb required. Finish in 2 minutes or less. 3 qualifying runs for a RATN title.

Novice B class includes 1 rat tube, 1 litter tube, 1 clean tube. Tunnel and climb required. Finish in 2 minutes or less. 10 qualifying run for a RATX title.

Senior Class includes 4 rat tubes, 3 litter tubes, 1 clean tube. Tunnel and climb required. 1-2 turns in a 12-18 ft. long tunnel in 3 minutes, 30 seconds or less. 3 qualifying runs for a RATS title

Master B Champion includes 1-5 rat tubes, 3-7 litter tubes; a total of 8 tubes of the judges choice. Tunnel is 12-18 ft. long, 1-3 turns and tunnel and climb required. Changes will be made with each run. 10 qualifying runs for a RATCH title

## **FAST CAT**

Early Friday morning, the FastCat runs also got underway. Many thanks also go to Lisa McGowan who sent me her own personal take on the FastCat experience in Oklahoma:

The 2023 National Specialty...WOW! We had such a grand time!! Heartland's Midnight Joker started every day in the conformation ring where he was eager to strut his stuff. After that we went and did some sporting events. It is so nice having so many events in one place. Joker enjoys using his nose and participated in Barnhunt. He alerts by digging the tube and giving out a little bark or two. If you haven't watched these little guys hunt you are really missing out. We even got to watch a few of our TFT friends hunt! We were ecstatic to receive a beautiful rosette sponsored by Mary Bowlan for the most qualifying Novice B TFT.

Joker also ran Fast Cat all 3 days. Chasing the bunny (white plastic bag) is his passion. He would run fast cat every single day. He ran a personal best of a tad over 19 mph! Those little feet were smoking!! Black Knight Coursing gives the cutest tiny little plastic bunnies when a dog reaches a personal best. Well, Joker was fortunate enough to bring home two. One was for his personal best and one because he caught the "bunny". Everyone was amazed at how he went after that lure and tried to destroy it when he caught it. He shook it, growled, and tore it to shreds. He is such a tough little boy!! We love watching him in all the events he likes to do. It looks like a wonderful time was had by all!

For those wondering, Fast Cat (Coursing Ability Test) is a timed 100 yard dash where dogs run one at a time, chasing a lure. There is a timing light at the start which starts a dog's time and one at the finish that ends the time. The time is then converted to MPH. (Formula 204.545 divided by the dog's run time, multiplied by the handicap give the points) TFT's get a handicap of 2. Titles are earned once certain point levels are reached. Once you receive 150 points you earn a BCAT, 500 points is the DCAT, 1000 points is the FCAT, and then every 500 points after that is FCAT#. Dogs must be at least 12 months of age to participate. The AKC site lists the top 20 dogs per breed.

Below are pictures of Joker modeling his ATFTC FastCat commemorative collar and the other was taken seconds before he caught the lure!

Hopefully, I would like to make this page a regular feature in the Newsletter. If you are involved in any of the variety of extra sports our TFTs love in the coming months, please send me a little write-up of what happened and feel free to include a picture if available. Keep it human-interesting. If something spectacular happens, the former editor in me will urge you to advertise! (Everyone can afford the half page price of \$12.50)

Please send any contributions to me at [bowmanor@bellsouth.net](mailto:bowmanor@bellsouth.net)

Pictures in jpeg format are a lot easier for me to work with.

**HEALTH NEWS HEALTH NEWS HEALTH NEWS**

The ATFTC is developing a health survey that will soon be going out to the membership and other TFT owners. The goal of this health survey is to gather current information on TFT health. This will be a 2-part survey. For both parts of this survey, the results will be anonymous. This is to encourage people to be completely honest in their responses. Please read the information below to learn more about each part of the health survey.

**Part #1 - Individual Results**

- For the first part, the owner will complete the survey for EACH of their TFTs. This means if you have three TFTs, you will complete it three times (once for each of the dogs). If you have six TFTs, you will complete this six times. Etc.
- This part will help us gather information on the occurrence of certain health conditions compared to the overall population.
- This part of the survey will be completed by both breeders and pet owners.

**Part #2 - Breeder Section**

- For the second part, the owner will complete the survey once by answering general questions based on their cumulative knowledge of the breed.
- This part of the survey will be completed by breeders only.
- The purpose of this part of the survey is to help us to gather general information on overall health and breeding practices.

**What can you do now to best prepare for completing the surveys?**

- Refamiliarize yourself with health issues you have dealt with in the past (read through old vet records and speak with trusted breeder friends to help spark your memory of past health issues).
- If your TFTs have not been seen by a vet in the last 12 months, you can take them in for exams.
  - Have your vet complete blood work - specifically looking at liver enzyme levels or other red flags
  - Have your vet closely listen to your dog's heart for murmurs
  - Have your vet check your dog's patellas/knees and other joints for possible issues
- If your dog has not been to a veterinarian lately for a full exam, it's hard to know for sure that everything is alright with the dog. Many conditions that TFTs can be born with or develop have few to no outward symptoms, especially in early stages. Please do your part and be ready with the best information possible to complete the health survey.

Once the survey is rolled out there will be additional directions. Also, to gather more information, we will be opening this survey up to TFT owners who are not members of the ATFTC. It will be important for you to pass part #1 of the survey onto your puppy owners for them to complete. The more TFT owners who complete the survey, the better and more comprehensive information we will be able to gather!
